About Me

I'm Wei Jun, a fresh graduate with a Bachelor's degree in Computer Science with Honors, specializing in Network Engineering at the University Malaysia Sabah. My academic journey covered programming, networking, AI, and cybersecurity. Industrial training as a front-end developer led to my interest in web development, where I gained experience in creating responsive, user-friendly websites. I am looking for an opportunity to apply my skills and knowledge to contribute to a dynamic IT team.
